

REMARKS

The applicants wish to express their appreciation for the January 31, 2006 discussion between the applicants' attorney, Steven Saunders, and Examiner McCorkle. During that discussion, Examiner McCorkle suggested removing the term "capable" from the claims to avoid the concerns raised in the prior office actions. To expedite prosecution, the applicants have removed the term "capable" from claims 1, 6, and 14 (without prejudice).

The application therefore is in condition for allowance and such action is earnestly solicited. Applicants request that the examiner contact applicant's attorney, Steven Saunders, if it will assist examination of the pending claims.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Steve G. Saunders", written over the printed name.
